Venue

Shepards Wharf Marina & The Sugar Store – West Cowes will be the host marina for the 31st edition of Little Britain Challenge Cup. It's only two minutes walk from the High Street. It's a fabulous regatta venue with excellent facilities and great views of the Medina.

After an action-packed day on the water, Shepards Wharf Marina and events venue, 'The Sugar Store', will host a variety of events. With bars, food and entertainment all on site, there will be many opportunities to share sailing adventures and catch up with the rest of the crews. Each night will kick off with sponsored Pontoon Parties, followed by welcome drinks at the bar. After supper, you can sit back, relax and enjoy tunes from the safety of the bar or boogie on down with live bands and top DJs. On Saturday, we're having a late night bash with live and a late bar so we can party into the early hours of Sunday.

Join us, be part of the industry's number one sporting and social calendar event

Great Food

Lick your lips. We've booked the fantastic **World chefs from Nomad** again who will cook up a feast for us on both Friday and Saturday evening. Delicious food will be served in a relaxed, no fuss environment with proper crew size portions. Nomad is the island's most talked about restaurant and we've managed to secure them for the weekend. There's no need to book a fancy eatery in town – instead you can join us on Friday and Saturday night for a famous Nomad Nosh-Up.

We'll also be fuelling crews on Saturday morning with complimentary coffee, tea and breakfast baps.

Top Sailing

Two days of on-the-water action will be organised by the **Island Sailing Club** – organisers of the famous Round the Island Race. A bespoke racing schedule has been designed to suit both beginners and experts. Novice crews will enjoy passage racing to Yarmouth on day-one, and seasoned racers will get committee boat starts and finish lines to give the best angles and top competitive sailing.

And for spectators, the races can be watched from the comfort of the Island Sailing Club located at the entrance of the Medina.

Better Prices

We offer great bang for your buck - we have held our prices; LBCC is better value than ever. It's **less than a £1k to enter** for boats 42ft or less.

SHEPPARD ROBSON

Notice of Race (cont...)

Sailing is by its nature an unpredictable sport and therefore inherently involves an element of risk. By taking part in the event, each competitor agrees and acknowledges that:

- (a) They are aware of the inherent element of risk involved in the sport and accept responsibility for the exposure of themselves, their crew and their boat to such inherent risk whilst taking part in the event;
- (b) They are responsible for the safety of themselves, their crew, their boat and their other property whether afloat or ashore;
- (c) They accept responsibility for any injury, damage or loss to the extent caused by their own actions or omissions;
- (d) Their boat is in good order, equipped to sail in the event and they are fit to participate;
- (e) The provision of a race management team, patrol boats and other officials and volunteers does not relieve them of their own responsibilities;
- (f) The provision of patrol boat cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances; and

16.2 It is their responsibility to familiarise themselves with any risks specific to this venue or this event drawn to their attention in any rules and information produced for the venue or event and to attend any safety briefing held for the event.

17. Insurance

For those who are new to Little Britain – here's what it's all about.

CHALLENGE CUP

#LittleBritain31 

Little Britain for newcomers

Started 31 years ago

Little Britain Challenge Cup is a regatta held in September for the property and construction Industry. It is named after the Little Britain development that was built in London EC1 back in 1987 by the founders of this much loved sailing event.

Volunteers & Charity

It is run by a volunteer group from the industry for the industry - and all profits are donated to sailing charities. To date, Little Britain has raised over £1.25million.

Thousands for Crews

Also known as LBCC, the regatta is a favourite networking event with thousands of industry professionals participating over the past 30 years. At it's peak, the regatta hosted over 250 boats and welcomed over three thousand guests.

Novice Crews & Beginners

There are hundreds of beginners who join Little Britain every year. It is a great way to experience sailing for the first time and 'learn the ropes', while strengthening relationships with your colleagues and clients. With a focus on safety and having fun, there's also plenty of friendly competition.

Networking

Little Britain is one of the most informal events in the industry calendar where you can meet new people from across the industry. We create opportunities for everyone involved to come together and mingle. With a dedicated venue at Shepards Wharf Marina and The Sugar Store, we help you make the most of it with pontoon parties, evening suppers and entertainment on both days.

Cowes & The Solent

Based in Cowes, Isle of Wight, all the sailing and racing takes place in the Solent 'around the cans' (buoys). The Solent is a unique location at the mouth of Southampton Water and sheltered by the Isle of Wight which together provides varied weather and tidal patterns that makes the area one of the best places in the world to sail.

Racers & Cruisers

There are two main sailing classes: Racing and Cruising. Those sailing with spinnakers enter the racing class and those without spinnakers enter the Cruiser class.

This year, we are expecting between 50–60 boats to enter with about 80% joining the Racing class and 20% joining the Cruiser class.

IRC & Classes

Many companies charter boats and some will bring their own. Depending on the IRC rating or performance or handicap rating, of your boat, you are grouped into classes so that you race with similar performing yachts. Typically, the fleet is divided into four or five classes.

For racing, your boat needs to have an up-to-date IRC rating certificate.

If your boat does not have an IRC rating and you want to enter the Cruiser class, you can register for an Island Sailing Club ISCRS rating which is quick & easy. An ISCRS rating form will be emailed to you once you have entered.

In addition to the IRC classes, there is the Sunsail class of Match First 40 yachts that do not require IRC.

5 Races

There are five races over two days – two on Friday and three on Saturday, organised by the Island Sailing Club – who also organise the famous Round the Island Race.

Racing starts at 1100h on Friday, and 0930h on Saturday. Lunch is taken on board - with crews stocking up with pack lunches and plenty of drinks to rehydrate. After racing, most boats return to the marina by 1600h.

Best of Four

The Class winner is the boat that has the best score from 4 of 5 races. You can discard your worst score if you have completed five races. The winner of the Little Britain Challenge Cup is the team with the best score from their Racing Classes.

SHEPPARD ROBSON

Little Britain for newcomers (cont...)

Starting Early

On Thursday, many crews are out in the Solent practicing the day before the regatta. They will berth at the Little Britain marina and then everyone is invited for drinks at the Island Sailing Club in the evening. Unlike previous years, teams will practice as they wish, with no organised practice race by Little Britain on Thursday. The regatta officially starts at 7.30am on Friday.

More Info

The Sailing Instructions, Class splits and final event programme will be published on 14th August 2018 – one month before the event.

Chartering a Yacht

There are many charter businesses in the Solent area who have yachts and skippers for hire. The average boat size entering Little Britain is 39ft which typically takes ten crew.

Race boats must have an IRC rating. Cruising Class boats without an IRC rating can apply for an ISCRS certificate.

Sunsail is a Little Britain Silver Sponsor and an Official Charter Partner who offer the only matched fleet of yachts available for charter at the Little Britain. Their fleet of Sunsail Match First 40 yachts is a popular class and are available at special rates.

w: sunsail.co.uk/events – t: 02392 222221 – e: terryhunt@sunsail.com

Please contact us if you require information on other chartering services in the Solent area. Don't forget to get insurance, hire wet weather kit, and order logos for your hulls.

Where to stay

Many Little Britain participants sleep on their boats and use the marina's shower and washroom facilities. Others stay in local accommodation, hiring crew houses or booking local hotels or B&Bs.

Contact info@littlebritain.co.uk if you need more info.

Budgeting

How much does it cost to enter Little Britain?

We say...

Many ask – how much it costs to enter Little Britain. The answer is from £795, depending on what size boat your enter.

Costs to consider include:

- Chartering a yacht
- Hiring a skipper
- Paying for food and drink
- Accommodation, if you can't all sleep on the boat
- Branding for the boat - it's a great profile-raising opportunity
- Team shirts or clothing for the crew

Per-person-per-day, we know it costs less than an industry awards dinner in Central London. It's informal and you can meet more people. It's also more fun – in our opinion – and you get to go sailing.

We recommend that you budget from £6k – deduct a few grand if you have your own boat or can borrow one or have your own place to stay in Cowes. Or, if you're feeling flush, max-out on a full-on racing yacht, posh accommodation and high performance clothing. It's up to you.

Opposite is an example for entering a 40ft yacht with skipper and nine crew. We hope it helps.

<u>Example of costs</u>	<u>Prices ex VAT</u>	<u>Budget</u>
Regatta Entry Fee for a 40ft boat [For a 32ft boat £795] [For a 43ft boat £1295]	£995	See Little Britain Entry Fee – for more details

**Thank you to the property industry

achieved together**

Little Britain's mission is simple. Bring together people from the industry, go sailing and raise as much money as possible for worthy causes. Thanks to the industry's passion for sailing and the generosity of our crews and supporters, we have raised over £1.25 million for charities since we started 30 years ago.

1851 Trust

Established in 2014, the 1851 Trust is supported by Land Rover BAR, the British challenger for the America's Cup, and by its Patrons HRH The Duchess of Cambridge and Sir Ben Ainslie.

The Trust aims to inspire and engage a new generation through sailing and the marine industry, providing young people with the education, skills and training to become innovators of the future, and stewards of the marine environment.

The hub of the Trust's work is STEMcrew, a stand-alone digital platform supporting a suite of inspirational learning resources which will deliver free, world-class STEM learning in schools right across the UK and engage teachers and young people with the thrill and excitement of sailing.

In addition, the Trust is supporting local and national sailing programmes, aiming to give 200,000 young people the opportunity to experience sailing by the end of 2018. www.1851trust.org.uk

Ellen MacArthur Cancer Trust

The EMCT is a charity that is close to Little Britain's heart. It aims are to rebuild the confidence of young people aged between 8 and 24, who have been through treatment for cancer or leukaemia, by taking them sailing. They meet others who experience and really understand what they are going through and learn to have fun again. The young men and women who have spoken to us are truly inspirational. www.ellenmacarthurcancertrust.org

Cirdan Sailing Trust

Since 1983 the CST has been providing disadvantaged young people with learning opportunities, integration and self-development through the challenge of life at sea aboard its large sailing vessels. They help boy and girls mostly from the inner cities, who would never normally experience sailing to build their confidence, trust in other people and lead fulfilling and engaging lives. www.cirdantrust.org

Cowes Sailability Club

Little Britain is also delighted to help local charities on the Isle of Wight such as **Cowes Sailability Club**. Cowes Sailability Club offers sailing and recreational boating opportunities for adults and children with physical disabilities, learning difficulties and debilitating long term conditions. Their aim is to put smiles on faces, but in reality they do so much more than this by giving disabled people renewed confidence in themselves, inspiring them to live their lives to the full and leave them with incredible memories that they and their families will treasure. www.cowessailability.co.uk
